

Applicability of Aadhaar number in North East for PMKVY

Aadhaar numbers are not available in multiple states in the North East. To foster the PMKVY scheme enrolments, the following alternative approach is suggested for the states in the North East

State	Acceptable Identity Proof
Sikkim	States with almost 100% Aadhaar coverage, No Variations from the Process permitted
Tripura	
Nagaland	Any two of the following identity proofs: <ol style="list-style-type: none"> 1. Aadhaar Card of the candidate 2. NPR Card of the candidate 3. Voter ID Card of the candidate 4. PAN Card of the candidate 5. Jan Dhan Yojana Passbook of the candidate 6. State Permanent Resident Certificate issued by the SDM/DC office <ol style="list-style-type: none"> i. Each candidate has to provide any two of the above identity proof ii. The TP would collect the copies of these ID Proof from the trainees, and retain the same with them. The details would be uploaded on SDMS for validation. They would have to produce the copy upon request from the PMKVY PMU. iii. The name/father's name on the Identity Document should match exactly with the details on the SDMS enrolment. iv. Please note that the State Resident Certificate would need to be physically validated by the Issuing Authority, and would take a longer time to process for certification and monetary reward disbursement.
Manipur	
Mizoram	
Arunachal Pradesh	
Assam	
Meghalaya	

PMKVY PMU team may add/delete the applicable proof of address for the North East states, based on the physical progress of issuance of Aadhaar/NPR cards, and would intimate the TP/SSC in advance of the subsequent enrolment cycle. The above procedure would be valid for all candidates enrolled in these states till such time.
